AGED NEGRESS IS DEAD.

Woman Said to Be One Hundred and Thirty-five Years Old Expires.

Philadelphia, Jan. 8.—Mary McDonald, a negress, who claimed to be 135 years of age, is dead at the home for aged and infirm colored persons in this city. According to Mrs. McDonald and her surviving relatives she was born Nov. 24, 1770, in a settlement known as Frogtown near Valley Forge, Pa. She often told of the scenes in and about the camp of Washington's soldiers at Valley Forge during the winter of 1777-78. Mrs. McDonald was of robust physique and was an inveterate smoker up to a short time ago.

THE GIANT INDIANS.

Peculiar Ways of the Onas of Tierra del Fuego.

The Onas, a tribe of Indians inhabiting the mainland of the Tierra del Fuego island, are physical giants. Their average height is over six feet. A few are six and one-half feet; a few fall below six feet. The women are more corpulent and not so tall. There is no race in the world with a more perfect physical development than the Ona Indians. This is partly due to the topography of the country and the distribution of the game, which makes long marches across the country a necessity.

In mentality they fall far below their physical attainments. In the past their supply of game has been plentiful, and this may account for the lack of inventive genius among them. This lack of progressive skill is portrayed in their home life, clothing and homes. Their children suffer from it, for, contrary to the practice common among most Indians of feeding, dressing and training the children well, the Onas' little ones are mostly naked, poorly fed and altogether neglected. They have abundant material for supplying themselves with clothing and homes, and yet they throw a few branches together, put skins over the windward side and then shiver under the miserable shelter.

Scientists who have made a study of the subject say that the language of the Onas is the strangest ever listened to. Many of the words are not difficult to pronounce, nor is the construction of the sentences difficult, but very few words are interrupted by a sound which it is impossible to produce. The speaker hacks, coughs and grunts, distorting his face in the most inhuman manner, and then passes on to the next stumbling block. The Onas live principally upon meat, which in former years was obtained from the guanaco.—New York Herald.

ST. SWITHIN AND RAIN.

The Legend of the Chapel Over the Bishop's Grave.

The superstitions referring to particular days are very numerous. The legend of St. Swithin is an example that will occur to every one:

St. Swithin's day, if thou dost rain,
For forty days it will remain;
St. Swithin's day, if thou be fair,
For forty days 'twill rain nae mair.

St. Swithin, bishop of Winchester, according to the author of "The Popular Antiquities," was "a man equally noted for uprightness and humility. So far did he carry the latter virtue that on his deathbed he requested to be buried not within the church, but outside the churchyard on the north of the sacred building, where his corpse might receive the eavesdroppings from the roof and his grave be trodden by the feet of passersby. His lowly request was complied with, and in this neglected spot his remains reposed till about 100 years afterward, when a fit of pious indignation seized the clergy at the fact that the body of so holy a member of their order was allowed to occupy such a position, and on an appointed day they all assembled to convey it with great pomp to the adjoining cathedral of Winchester. When they were about to commence the ceremony a heavy rain burst forth and continued without intermission for the forty succeeding days. The monks interpreted this tempest as a warning from heaven of the blasphemous nature of their attempt to contravene the direction of St. Swithin, and instead of disturbing his remains they erected a chapel over his grave." "St. Swithin is christening the apples" is the more poetical way of describing St. Swithin's rain.

Sioux City, Ia., Jan. 8.—Bank robbers blew open one of the safes in the Bank of Jefferson, at Jefferson, S. D., sixteen miles west of here during the morning, but failed to secure any money, the explosion arousing the whole town. The robbers made their escape in a stolen buggy.

TELEGRAPHIC BREVITIES.

It is announced that King Edward will go to Athens in the spring to attend the Olympic games.

The Russian Christmas day was celebrated Sunday at St. Nicholas cathedral in New York city when a solemn pontifical high mass was sung.

John A. Lewis, general manager of Prophet Dowie's Mexican Zion colony, denies that a plan for establishing a colony in that country has been abandoned.

The first examination under the new law for positions in the state civil service was held in 100 places in Wisconsin Saturday. A thousand persons competed, including 185 in Madison.

From advance sheets of the official Catholic directory, published in Milwaukee, it is found that the total Catholic population of the United States is 12,651,944, an increase of 189,151 over the previous year.

The Gordian Knot.

The Gordian knot was said to have been made of thongs used as a harness to the wagon of Gordius, king of Phrygia. Whosoever loosened this knot, the ends of which were not discovered, the oracle declared should be ruler of Persia. Alexander the Great cut away the knot with his sword until he found the ends of it, and thus, in a military sense at least, interpreted the oracle, 330 B. C.

GAYNOR AND GREENE TRIAL.

To Begin This Week in Federal Court in Georgia.

Savannah, Ga., Jan. 8.—The cases against John F. Gaynor, Benjamin D. Greene, William Gaynor, Edward Gaynor and Former Captain Obelin Carter will be called in the United States court for the Southern district of Georgia on Jan. 9. The defendants are charged with having defrauded the United States government out of some \$2,000,000 in the carrying out of Savannah harbor contracts.

Attorneys Carrad, Meldrim, Osborne and Lawrence of this city represent the defendants and J. B. Gaynor of New York city, an attorney and brother of the defendant, Gaynor, is also here.

It is the hope of the defendants that jurors may be secured from this division of the district, their idea being to obtain jurors who may in some measure be familiar with parts of the work. The summoning of the jurors will consume several days.

It is admitted by the special United States attorney general that Former Captain Carter will not be brought to trial again and there is speculation as to whether or not William and Edward Gaynor will be tried. It is possible that the indictments against them will be dismissed and that John F. Gaynor and Greene will be the sole defendants.

JEALOUSY CAUSES TRAGEDY.

Married Woman Fatally Shoots a Man at Troy, N. Y.

Troy, N. Y., Jan. 8.—Herbert D. Ashdowne, collector for a local clothing house, is dying in the Samaritan hospital, having been shot in a restaurant during the evening, it is alleged, by Mrs. Jennie Purkett. Ashdowne was shortly to have been married to another woman and jealousy on the part of Mrs. Purkett is supposed to have prompted the shooting. Mrs. Purkett's husband is a wire worker living in this city.

Following the shooting Mrs. Purkett purchased a bottle of laudanum, but when it came to taking her own life her nerve failed her. She was arrested at her home.

Ashdowne at first shielded Mrs. Purkett, but in his ante mortem statement he told in detail of the shooting.

CAUSE OF DEATH IS DISCOVERED

Raymond Cale Died as a Result
of a Cerebral Hemorrhage
Say Physicians

BIG BLOOD CLOT IN BRAIN

Which Made it Impossible for Him
to Regain Consciousness
After Falling

Yesterday afternoon an autopsy was held over the body of Raymond Cale who died Saturday morning, under the direction of Coroner T. W. Gibson, conducted by Drs. J. A. Thabes and O. T. Batcheller.

Upon examination it was found that death was the result of cerebral hemorrhage, or in other words a stroke of apoplexy. A large blood clot was found in the young man's brain as big as an ordinary man's fist.

The stroke was such that it would have been impossible for the young man to recover and he could never have regained consciousness after he fell to the ground on Saturday morning, in fact, he lived much longer than has been known to be the case in similar circumstances.

Coroner Gibson decided that it was unnecessary to make further investigations in the matter as the cause of death was conclusively proven upon the examination.

B. F. Cale, the father of the young man, is in the city and arrangements have been made to have the body taken to Motley tonight where it will be interred.

The funeral will be held at 10 o'clock tomorrow morning at Motley.

DON'T BE SATISFIED.

Don't Be Content With Relief When
There Is A Certain Cure.

Don't be satisfied with mere relief
Brief freedom from backache;
The pain returns when you stop the
medicine.

Get a remedy that cures.
Doan's Kidney Pills make permanent
cures.

Testimony of Brainerd people proves
it.

Here's a Brainerd case:
Mrs. S. Brain, of 601 S. 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills, and time after time I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer."

MUSIC AND DRAMA.

"THE MOONSHINER'S DAUGHTER"

Tonight at the Brainerd opera house will be seen "The Moonshiner's Daughter," a southern play which will be seen here for the first time. Prices 75, 50, 35 and 25c. Seats now selling.

Everyone who enjoys good old fashioned plantation Buck and Wing dancing and con songs should not fail to attend the performance of "The Moonshiner's Daughter," which appears at the Brainerd opera house tonight. This season there are several new faces added to the company, but it is understood that they were taken from the company which played the cities last season and will only serve to strengthen the cast. It is one of those good old fashioned southern plays with a good plot, bright comedy and lots of music that everyone likes to see.

"HARVERLY'S MINSTRELS"

Mr. Joseph W. Conoly, general agent of Harverly's Minstrel company, has been in the city arranging for the presentation of the big show at the Brainerd opera house, Jan. 11. Mr. Conoly speaks enthusiastically of the big business his show is meeting with this season, and from the press comments and notices, the show is giving a good performance. Originality is the dominating feature of the program. Singers, dancers and comedians are all of fine fibre. Fred P. Russell, Billy Beard, Billy Pearl and Perron are premier endmen, headliners from the ranks of renowned burnt cork artists. The Harverly choir is one big feature of the show. The names of Wharton Boyer, George T. Martin, Bruce Waiman, Joe Brown, Walter Wolfe and W. W. Parkerson are known in the musical world.

"HUMAN HEARTS."

Good plays, like good wine, improve with age. This is true of that successful melodrama, "Human Hearts," which Manager Nankeville offers for the tenth year. The company to be seen in the play this season comprises all of last year's favorites in the eastern company, and wherever a part could be improved upon, the change has been made, and it is promised that never before has this beautiful play been so well presented. "Human Hearts" gives a pure, wholesome lesson that touches the heartstrings in the pathetic scenes and excites the risibilities in the humorous ones. Here on Friday, Jan. 12.

Will Wed Tonight.

The Duluth Herald contains the following regarding the wedding of a former Brainerd young lady which will be read by her friends with interest:

The wedding of Miss Calla DeVoe Blanchard, daughter of Mr. and Mrs. E. C. Blanchard, and Pascal Harold Ware, of Minneapolis, which will take place Monday evening at the home of the bride's parents on Fifteenth avenue east, will be one of the most interesting of the mid-winter events in society. The wedding will be a home affair, but nearly 100 guests will be present. The bride will be attended by Mrs. Norman L. Leach as matron of honor, and as ribbon bearers, Miss Della Towns, a niece of Mrs. Blanchard's, and a young sister of the groom, Miss Ruth Ware, of Minneapolis, will attend her. The best man will be Roland Ware, of Minneapolis. The wedding service will be read by Rev. J. W. Powell, who is a university fraternity brother of Mr. Ware. The event promises to be one of the most beautiful of the winter weddings. After the ceremony Mr. Ware and his bride will leave on Mr. Blanchard's private car for Omaha, where they will be at home.

Rattling Good Attraction

"The Black Crook" company held the boards at the Brainerd opera house on Saturday night and it seems to be a discouraging fact that whenever there is a really good show that the house is a small one. The patrons of the house had been informed that this was an attraction of merit, and there was no doubting the fact after the play had proceeded for a time. It was a spectacular play and every feature, the singing, the costuming, the dancing and the scenery were par excellence. The show made a big hit here.

Four Simple Rules

Follow Them and Health, Happiness and Prosperity Will be Yours.

If one would be healthy, happy and prosperous, follow these four simple rules. (1) Keep the bowels open every day. (2) Chew your food slowly and thoroughly. (3) Avoid indigestible foods. (4) If there are any symptoms of stomach troubles, take Mi-o-na before each meal until cured.

No matter how many years you may have suffered with stomach troubles or how worried by sleeplessness, nervousness, loss of appetite, furred tongue, specks before the eyes, headaches, backaches, weakness and debility, indigestion or other ills that are caused by a weak stomach, you can be cured by the faithful use of Mi-o-na.

Take one of the little tablets before each meal with the fixed determination to get the most benefit out of it.

Mi-o-na is not a fanciful experiment, it is not a patent medicine, it is not a cure all. It is a scientific remedy recommended but for one trouble,—weakness of the digestive organs. It is a permanent cure, and is sold by H. P. Dunn & Co., under a guarantee that it costs nothing unless it does all that is claimed for it.

When Mi-o-na has been used for a few days, the digestive system will be so greatly improved that all the food eaten is converted into nutrition, so that nourishment and health are given to the whole system and there is a rapid increase in weight, strength and spirits.

FAVORS LEADING INDUSTRIES.

But Unseasonable Weather Adversely Affects Retail Trade.

New York, Jan. 6.—Bradstreet's review of trade says while unseasonable weather adversely affects retail trade and reorders from wholesalers it at the same time highly favors the leading industries and outdoor activities and facilitates railway transportation. Spring trade really shows more than usual life, requests for prompt shipment being in evidence earlier than usual. Clearance sales are a feature of retail stores and the season as a whole is hearteningly hopeful. Collections North and West feel this influence likewise, new clearings break all records for a year day period, reflecting heavy end of the year disbursements and stock speculation. December was perhaps the best month of 1905 for the railways with an indicated gain of 32 per cent over December, 1904. Cars are in better supply on open weather and the passing of the holiday rush, but six months of large business is still in sight for the railways. Building at New York and a few other large cities is affected by the housewives' strike. So far the printers' strike has had rather less than the expected effect. There

BUSINESS IN SENATE

RELATIONS BETWEEN THIS COUNTRY AND SANTO DOMINGO TO BE CONSIDERED.

LONG DEBATE IS EXPECTED

REPUBLICAN SENATORS ARE PREPARED TO UPHOLD ATTITUDE OF THE PRESIDENT.

Washington, Jan. 8.—The senate will begin the week with the consideration of the question of the relations between this country and Santo Domingo. The subject will be brought up on Senator Tillman's resolution calling upon the president for information relative to the status of affairs since the flight of Morales, and if the senate does not take up that resolution Mr. Rayner will address the senate on the general Dominican question. It is Senator Tillman's intention to press his resolution and unless it is accepted by the senate he will probably talk on it early in the week. With the subject once opened up considerable debate may be expected, for the Republican senators are prepared to defend the attitude of the president in the Dominican matter. It is not expected that the treaty with Morales will be presented for some time, but Republican senators say they have no intention of letting it go by default. The president, it is pointed out, is anxious for action and prefers rejection to failure to act. His friends in the senate cite the course of events in the present revolution, when the financial affairs of the country have been less disturbed than in previous uprisings, as sustaining the president's attitude toward the little republic. On the other hand, the revolution has had a tendency to solidify the Democratic senators against the agreement, and if they hold together they will be able to defeat ratification.

Will Call Up Shipping Bill.

Senator Gallinger, chairman of the merchant marine commission, has given notice of his intention to at once call up the commission's shipping bill and if he does so the measure, being the unfinished business, will supplant the Dominican question. If through courtesy, however, he should give way to senators to discuss other questions, he will bring up the shipping bill later. It is expected that the treaty with Cuba relative to the Isle of Pines will be discussed during the week, but if deferred the discussion will be had in the near future.

There is no expectation of being able to take up the railroad rate question for several weeks, but the senate leaders say the consideration of that subject will not be unduly postponed. They are already discussing the possibility of the final adjournment of the session and a conference on that subject with Speaker Cannon has been held. The speaker assured the senators that it would be possible to get all the appropriation bills through the house by the first of June. In that event adjournment by June 10 will be possible, for the senate managers express confidence that the railroad, statehood and Philippine question will have been disposed of by that time, and it is not their intention to permit other subjects to hold them in session late in the summer. The emergency appropriation bill, which the senate expects to receive from the house toward the end of this week, will carry a much larger amount than usual.

Ordinarily only the pressing deficiencies are provided for in this bill, others being left for a general deficiency bill, the last important measure to be considered before adjournment. It has been found, however, that this plan often leads to delay, and the present policy is to get the important items on the early bill, leaving only new and small deficiencies to be taken care of on the latter bill.

WILL NOT BE DISTURBED.

Present Order of Business in the House to Remain Unchanged.

Washington, Jan. 8.—After contemplating a plan to displace the Philippine tariff bill with the statehood measures in the house this week, the leaders arrived at the conclusion just before adjournment Saturday that the present order of business should not be disturbed and the list of speeches which is to occupy at least the first half of the week on the revenue measure will be unrestricted. Mr. Payne, in charge of the bill, estimated that the discussion on this subject this week will occupy the first three or four days. After the Philippine bill has been disposed of, the statehood bill, which the committee on territories has still in preparation, will be brought forward immediately and that question discussed and acted upon without interruption.

No appropriation measures will be taken up until the statehood bill has been disposed of, but the regular supply measures are expected to come in with regularity thereafter.

Elliott Danforth Dead.

New York, Jan. 8.—Elliott Danforth, state treasurer from 1889 to 1893, former chairman of the Democratic state committee and Democratic nominee for lieutenant governor in 1898, died during the day at his home in this city. Mr. Danforth was born at Middleburg, N. Y., March 6, 1850.

A CALIFORNIA TRIP

Winter Months Afford Best Opportunity For Merchants and Many Others to Get Away From Business.

(From the Commercial Bulletin, Minneapolis, (Saturday) December 2nd, 1905.)

Hundreds of people who read this paper are planning a trip to the west coast and a stay of a few weeks at least in lower California.

Winter is a vacation season and California the vacation land.

Which way shall we go? That is the question many are asking now. Right here the "Omaha Road" comes forward with a through car service to California unsurpassed in the history of railway travel.

Three times each week a through tourist car leaves the twin cities over the "Omaha" line for Southern California. One goes by Omaha, Ogden, Sacramento, San Francisco and down the coast to Los Angeles. Another goes by Omaha, Kansas City and thence over the Santa Fe through Southern Colorado, and across New Mexico and Arizona to Los Angeles.

A third route, which is already proving decidedly popular, is by Omaha, Ogden, Salt Lake City and down the New San Pedro and Los Angeles road recently constructed and known as the Clark Road. This route takes the tourist through a country full of interesting features and much of it but little known until this railway was built. It runs just below the famous Death Valley region and its equally famous mining camps, crossing parts of Utah, Nevada and California. This is the shortest through car route between the twin cities and lower California.

This gives the tourist choice of three splendid routes, the best through car service, and all at a reasonable price. The traveler has no changes to make after leaving the twin cities. These cars, their appointments and the service in every respect, are all that the most particular and critical travelers can desire. Home comforts are there and, as a successful North Dakota merchant recently said to the writer, "You always meet nice people traveling on the Omaha's tourist sleeping cars."

Tourist cars are the preference of those numerous people who wish to travel comfortably at reasonable cost. Each car has its colored porter in charge. Cars are vestibuled, lighted with gas, carpeted, have comfortable mattresses, regular Pullman blankets, pillows, berth curtains and clean bed linen is furnished each night. These cars are heated in the same manner as first-class Pullman sleepers, except that each heater is supplied with an enclosed oven in which coffee, tea, etc., may be warmed, and adjoining is a sink with hot water faucet.

General Passenger Agent T. W. Teasdale of the Omaha road, who has given the subject of California travel much study and who has been greatly instrumental in bringing the through car service to its present high standard, is much pleased with the splendid endorsements the traveling public is giving the Omaha's fine arrangements for Californians travel. He believes that travel California-ward will show a big increase this season.

OUR TRADE WITH GERMANY.

Aggregated Over Three Hundred Million Dollars in 1905.

Washington, Jan. 8.—Trade between the United States and Germany, whose commercial relations are now the subject of negotiations between the two governments, aggregated in the fiscal year 1905 over \$300,000,000.

A report issued during the day by the bureau of statistics of the department of commerce and labor says: "The imports from Germany were \$118,000,000 in value and exceeded imports from that country in any earlier year. The exports to Germany were \$194,000,000 in value and exceeded exports to that country in any earlier year except 1901, in which the total was a little over \$214,000,000, this decrease in 1905, compared with 1904, having occurred in raw cotton and being due altogether to a fall in price, since the quantity in 1905 was greater than in 1904. Imports from Germany increased \$37,000,000 in the period from 1895 to 1905 and exports to that country increased \$102,000,000 in the same time.

"Germany stands second in the order of magnitude of our trade with foreign countries, both as to imports and exports."
